CRIMINAL NEGLIGENCE.

Two years ago at the general election the people of Nevada, in accordance with Constitutional provision and in the manner prescribed by the Legislature of 1889, decided at the ballot box in favor of a convention to frame a new Constitution. A majority of the Legislature of 1891, for reasons best known to the members, disregarded the will of their constituents and their official oaths and refused to make provision for a Constitutional Convention. Subsequently the Legislature, no doubt deeming that it could revise the Constitution more satisfactorily to the masses than a convention expressly selected by the people for the purpose, proposed twenty six amendments to the fundamental law of the State. Several of those amendments, whether made so intentionally or accidentally, had considerable merit. One proposed that the Supreme Court consist of a Chief Justice vested with authority to call two District Judges to act with him in determining cases on appeal. Another abolished the office of Lieutenant Governor; a third made the Attorney General ex-officio Secretary of State and consolidated the offices of Treasurer, Controller and Surveyor General and Land Register.

The Constitution provides that any amendment or amendments thereto may be proposed in the Senate or Assembly, and if the same shall be agreed to by a majority of all the members elected to each of the two Houses, such proposed amendment or amendments shall be entered on their respective journals, with the yeas and nays taken thereon and referred to the Legislature then next to be chosen, and shall be published for three months next preceding the time of making such choice.

It is the duty of the State officers, (the lawyers say of the Secretary of State) to publish the proposed amendments three months next preceding the election which is to take place next Tuesday. That duty has not been performed and the proposed amendments to which the last Legislature devoted so much time and which were printed in the statutes of 1891, fall to the ground.

This negligence is criminal and may be the result of a conspiracy to prevent the abolition of certain State offices, which though expensive, are not necessary. Heretofore proposed amendments were nullified because the yeas and nays taken thereon in the two Houses of the Legislature were not entered in the respective journals of the Senate and Assembly. Now the Legislature refuses to call a convention to revise the Constitution, though the qualified electors of the State at the ballot box declared for such convention, and the State officer or officers, whose duty it is to publish those proposed amendments, fail to perform that duty, and the offices cannot be abolished or consolidated before the State election of 1894, when a full complement of State officers will again have to be chosen.

Is it not time there was a People's party to carry out necessary reforms in Nevada as well as to protest against the infamous treatment our interests receive from the Wall Street parties at Washington? The last State Legislature, which was overwhelmingly Republican, set the will of the people aside and expressed no more regard for the wishes of the majority of the voters of the State, than if those wishes had been expressed by the Washoes or Putes, and now the State officers by neglecting their sworn duties, show as utter contempt for the taxpayers as did the Legislature. There is a remedy, fortunately, for this deplorable state of affairs, and the place to apply it is at the ballot box next Tuesday by electing the Silver and People's party ticket, every candidate on which is pledged not only to do all in his power for the great industry of the State, but also to inaugurate necessary reforms and expunge vicious laws from the Statutes of the State.

The people in convention assembled at Virginia in April last resolved that they would elevate no person to office who is not unequivocally in favor of the free coinage of silver. The very men who drafted this resolution and concurred therein, are now degrading Senator Stewart because he is following the instructions of the people. The people think more of him for his consistent course than they do of his scowling enemies who are barking at his heels.

The President's Thanksgiving Proclamation.

WASHINGTON, Nov. 4.—The following proclamation was issued this afternoon: "The gifts of God to our people during the past year have been so abundant and so special that a spirit of devout thanksgiving awaits not the call, but only the appointment of a day when it may have common expression. He has stayed pestilence at our doors; He has given us more love for free, civil institutions in the creation of which His direct providence was so conspicuous; He has awakened a deeper reverence for the law; He has widened our philanthropy by a call to succor the distressed in other lands; He has blessed our schools and is bringing forward a patriotic and God-fearing generation to execute His great and benevolent designs for our country; He has given us a great increase in material health and a wide diffusion of contentment and comfort in the homes of our people; He has given His grace to the sorrowing. Now, therefore, I, Benjamin Harrison, President of the United States, do call upon our people to observe, as we have been wont, Thursday, the twenty-fourth day of this month of November as a day of thanksgiving to God for His mercies and of supplication for His continued care and grace.

Instructions from the Chief Supervisor. New York, Nov. 4.—Charles M. Dennison, Chief Supervisor of elections of the northern district of N. Y., issued final instructions to supervisors of elections appointed to serve at the election November 8th, of which the following is part: "The extraordinary pronouncement issued by Wm. M. Sheehan, Chairman of the Democratic State Campaign Committee, directing Democrats to prevent the supervisors of election, and U. S. Marshals from performing any of their duties inside the guard rail election day, is revolutionary. Frequent conviction have been had in the Federal Court of persons who committed offenses of the same nature as now advised by Sheehan. In view of these convictions it seems hardly possible any person will attempt to follow Sheehan's orders, but fearing such attempts I again instruct supervisors of election that they are to go inside the guard rail and remain there, before or behind the ballot boxes, as they deem best, until the voting is done. The votes canvassed, the returns made, and the Board of Election Inspectors adjourns."

Republican Prophets. New York, Nov. 4.—The Republican National Committee has issued a circular warning the people against the campaign lies which the committee claims it has information Democrats will issue the day before election, when it will be too late to contradict them. The circular says: "You have the assurance of this committee, based upon confidential and reliable information from all over the country that the nominees of the Republican party will be elected by a Constitutional majority that shall be beyond all question."

The ex-President addressed the audience at some length and was followed by Senator McPherson.

POWNING ON THE SITUATION.

A Convincing Speech to a Large Audience—Cheers for the Silver Party—Standing Room at a Premium in the Opera House.

Hastings' Band played patriotic airs, bonfires blazed and shouts for the Silver party rent the air last evening. The occasion was the announcement that General O. C. Powling, the Silver Party candidate for Presidential elector, would address the citizens on the political issues of the day, and that Senator Stewart would make some remarks to the audience. At the appointed time the Opera House was crowded to its utmost capacity. Chairman Osborn of the Central Committee called the meeting to order and announced Hon. T. V. Julien as President of the evening. Senator Stewart, Hon. G. S. Nixon, Wm. Webster, Sr., W. O. H. Martin and Geo. H. Taylor were announced as Vice Presidents and took seats on the platform. President Julien made a few appropriate remarks and introduced Miss Pearl Noble, the noted cornet player of San Francisco, who honored the audience with a sweet cornet solo.

The speaker of the evening, O. C. Powling, was introduced and was greeted with applause. General Powling was at his best and held the attention of his audience for two hours, during which his remarks were frequently interrupted with cheers.

The speaker began by stating that the Silver party was in the fight for silver to stay until the finish. We have been disappointed by the old parties upon the silver question until the point of endurance has been reached. A Silver party is now in the field to stay until the cause is won. He spoke of the old German legend of how the spirit of dead Kings at certain seasons of the year wander over the land inciting their subjects to deeds of valor in the cause of justice and liberty, and said may not the spirit of him who gave up his life early in the strife be even now inciting us to that heroic conflict which will end with the emancipation of humanity.

General Powling then read the silver plank in the different State platforms upon the silver question and developed the fact that the Republican and Democratic parties among the Eastern and Middle States are one as against free coinage. In the South free coinage is favored, as well as in most of the States of the West. He showed that the only hope for the success of the cause of silver was in building up a new political party in the South and West pledged to free coinage. That party was already in the field under the standard of Weaver and Field, and it was in to stay. General Powling defined his position as a Presidential elector and closed with a glowing eulogy upon Senator Stewart and Francis G. Newlands, and urged the people to vote the Silver or People's ticket straight.

At the close of General Powling's speech the Silver Quartette favored the audience with a song.

Senator Stewart was then introduced and spoke for about twenty minutes. His appearance was the signal for a storm of applause. The Senator urged the people to stand by the Silver and People's nominees on election day and cement the new giant born at Omaha into an enduring party. He said that three-fourths of the people were with us, that if we stood firm and pressed onward we would wake an alarm that would call them into line. "Therefore," said he, "vote your silver tickets straight! I do not want to see even a cobble missing from the list of victors among the nominees of our cause. A silver man, whoever he may be, is infinitely preferable to a goldbug or one who recreantly supports their cause. Those who are not for the Silver party are against silver. Let Nevada's voice be heard on election day with a certainty and unanimity that will make the goldbugs tremble." The meeting closed with a delightful cornet solo by Miss Pearl Noble and three cheers for Senator Stewart.

# THE PEOPLE'S CANDIDATES.

## The Populist Nominees for County Officers.

### WHOM TO VOTE FOR.

The Names of the Candidates Who Will be Elected With Big Majorities Next Tuesday.

**R. C. LEPPER.**  
R. C. Lepper, People's party nominee for Sheriff of Washoe county, has been a resident of Reno for seventeen years, coming to this city when a boy with only \$2.50 in his pocket, traveling on foot. His first employment was in the harness shop of Mr. Jaeger, which he now owns. He is still a young man and is thoroughly identified with the best interests of his adopted State and town. Mr. Lepper two years ago was elected to the Legislature from this county by a handsome majority, leading his ticket and made an honest record. He is not an office seeker, but is the representative of a case in which the office sought the man. There is no citizen of Washoe who is better or as well qualified to make a good Sheriff than Charles Lepper, with due regard for the merits of his opponents. If elected the Sheriff will be a man of integrity, who will be conducted economically and will subserve the best interests of the people.

**GEN. ORLANDO EVANS.**  
The Populist nominee for County Clerk is General Orlando Evans, a pioneer of Washoe county and an honorable and highly respected citizen. General Evans is well equipped to perform the duties of that important office. He is an experienced bookkeeper, for many years collector and bookkeeper for the Reno Water Company, a most difficult position, and probably calling for a more perfect technical knowledge of the science of accounts, than the duties of the office for which he is a candidate require. General Evans, if elected, will serve the people as faithfully, ably and efficiently as any candidate that could have been nominated and deserves the suffrages of the people on election day.

**J. D. WILLIAMS.**  
It is unnecessary to say anything concerning John D. Williams, People's party nominee for County Recorder. By long and faithful service in that capacity to the people of Washoe county, he has inscribed his name on the hearts of all his friends, who comprise all the people, and his election is assured.

**D. M. BOYD.**  
Whatever one says about Mr. Williams applies equally as well to Dan Boyd, his official rival. The people of Washoe county know a good public servant when they see one which accounts for the fact that Dan Boyd has been at the head of the county business for a dozen years.

**B. F. CURRIER.**  
The people of Washoe county want a good lawyer to conduct the legal business of the county. They want an attorney who will not be afraid to enforce the laws that he finds upon the statutes. One who will not out-try any political ring but will enforce justice regardless of favoritism. A worthy successor to Hon. T. V. Julien will be B. F. Currier, Populist nominee for District Attorney. Mr. Currier is a Nevada boy, and is thoroughly fearless in doing what he believes to be right. This fact has led certain parties in the county who have been fattening on municipal favors to endeavor to prevent his election, knowing that a District Attorney not pliant to their interests, can make effective the reforms in county matters, intended to be put into practice by the People's party; while one more favorable to them, if so disposed, will be in a position to nullify, to a considerable extent the reforms desired by the People's party. The District Attorney is the legal advisor of the Board of County Commissioners and as such is an important officer either to carry into effect their intentions or to thwart their desires.

It should be remembered that the District Attorney is ex-officio Superintendent of Public Schools. Mr. Currier was largely educated in the public schools and is therefore familiar with their condition and needs. For nearly two years he was Principal of the Hawthorne public schools, making therein a most enviable reputation as a teacher. Moreover he is an orator and could with credit to himself address any body of teachers to their interest and profit. These facts alone should commend him to our young people and all who desire the prosperity of the public schools of Washoe county.

He served a term as District Attorney of Esmeralda county and is therefore familiar with the duties required of him. His record there is beyond impeachment.

**GEORGE ALT.**  
The People's party platform contains a plank upon the management of the Board of County Commissioners in this county as follows:

"In Washoe county affairs we denounce the management of the Board of County Commissioners whereby personal favoritism has been practiced, unnecessary and illegal expenses incurred, the spirit and letter of the law evaded, and the best interests of our people subverted and the interests of a few few fostered and the influence of a few promoted."

If the above indictment be true, then badly do we need a change in the management of Washoe county affairs. It is not true; if the Board of County Commissioners have faithfully performed their duties, carefully and economically expending the county funds, always treating the office as a public trust, and not as a

private snap for self aggrandizement with equal regard for the rights of all and then only, such honorable and conscientious public servants deserve reelection to the offices which they have so ably and equitably filled to the general good of the community.

But if the People's party platform indictment is true, then they do not deserve reelection by the suffrages of the people on Tuesday next. The County Commissioners are to be tried upon that indictment of the People's party on election day at the bar of the best judgment of every voter in the county.

A vote for the Republican nominees for long term and short term Commissioners is a vote that that indictment is not sustained, and that the present county management is worthy to be continued for another term.

A vote for Geo. Alt is a vote sustaining the charges made in that indictment.

The question of personality should not appear in the selection of Commissioners at this time. Both candidates are good citizens and kindly gentlemen. The question is as to the faithful discharge of a public office.

**JAMES F. CROSBY.**  
The faces of some men are the indexes of their characters. Such is true of James F. Crosby, Populist nominee for short term Commissioner. Mr. Crosby is a resident of Washoe county, and his sterling qualities are evidenced from the fact that it is stated he will poll nearly every vote in his town. He is a business man of that place and is highly esteemed by his friends and neighbors.

**H. P. BROWN.**  
Harry Brown, Populist nominee for Coroner has already served two terms in that office, and his past record will answer any questions in regard as to what he will do in the future.

**T. K. STEWART.**  
The Populists of Washoe county selected T. K. Stewart as their choice for County Surveyor. Mr. Stewart is an accomplished civil engineer and will be elected.

**JOHN BOWMAN.**  
John Bowman, People's party nominee for Justice of the Peace, if elected will make a competent and efficient officer. Mr. Bowman is a pioneer resident, a lawyer by profession and well qualified to discharge the duties of an officer in which the desirability of having an incumbent understanding the law is generally overlooked.

**D. DICKEY.**  
The office of Constable of Reno is an important one, and the People's party present the name of a candidate that will serve the people in that capacity well, namely Dorando Dickey. Mr. Dickey is a veteran of the civil war, in which he entered when only 16 years old. He has lived in Washoe county nearly all his life since then, and stands well as a sober and conscientious man.

**SCHOOL TRUSTEES.**  
The office of School Trustee is not a partisan one. Good men have been selected by all the parties. The People's party nominees are Wm. Pinniger, and W. D. Wager for long term, and Judge Wm. Webster and T. P. Bradshaw for short term. They are all men who have taken a deep interest in the success of our public schools, and will, if elected, serve in that capacity as well as any one can.

**FOSTER'S WEATHER FORECASTS.**  
A Severe Storm and Cool Wave Predicted.  
Copyright 1922 by W. T. Foster.  
St. Joseph, Mo., November 28, 1922.

My last bulletin gave forecasts of the severe storm wave to cross the continent from 4th to 8th and the next will reach the Pacific coast about the 9th, across the western mountains about the close of the 10th, the great central valleys from 11th to 13th, and the Eastern States about the 14th. This storm will be at its greatest force in the Eastern States.

The cool wave will give the lowest temperature of the fall up to that date, and will cross the western mountains about the 12th, the great central valleys about the 14th, and the Eastern States about the 16th. Sharp freezing may be expected in the western states before the close of November.

The fourth storm wave of November will reach the Pacific coast about the 15th, cross the western mountains by the close of the 16th, the great central valleys from 17th to 19th, and the Eastern States about the 20th. This will be an average disturbance in its entire route across the continent.

The cool wave will cross the western mountains about the 18th, the great central valleys about the 20th, and the Eastern States about the 22d. A low temperature may be expected from this cool wave.

**The Blues:**  
Away with them! Take Simmons' Liver Regulator for that torpid liver which has put your digestive powers out of gear. That's at the bottom of the blues, and when you take Simmons' Liver Regulator you strike at the root of the evil, and everything else that is wrong goes with it. No more indigestion, dyspepsia or biliousness. That sounds bright enough and is true.

Prohibition headquarters on election day, will be at the parlor of J. G. Westlake on Virginia street.

**RENO PUBLIC SCHOOLS.**  
Reports and Honor Rolls for October, 1922.

To the Board of School Trustees—  
GENTLEMEN: I herewith respectfully present my report for the month of October, 1922.

The enrollment holds very nearly the same as for last month, being slightly unfavorably affected by sickness.

Some necessary regradings were made at the end of the month, slightly relieving two rooms. The rooms that are overcrowded can now be largely relieved by a transfer of pupils, which I would advise to be done.

AN EXPLANATION AND ANSWER.

WHAT IS WINTERILLA?

Why, it is a pleasant and effective remedy for the positive cure of Chapped Hands, Poison Oak, Salt Rheum, Eczema, Sun Burn, Tan; positively removes Freckles, and is one of the greatest luxuries for gentlemen after shaving. This is an exquisite article prepared with the greatest care by scientific experts. Its component parts are perfectly harmless, and the ladies toilet is not complete without it. One trial will convince the most skeptical that what we say of WINTERILLA is true. For sale by all druggists in 25c and 50c bottles.

How to Clean a Clock.

A fine eight day enchor clock stood in one corner of the kitchen, inside the case of which Jimmy kept his single barreled gun; a good one it was, and always kept ready loaded. "I like to have things ready and handylike," he was wont to remark; "you never know when they may be near"—the birds he meant. There was no gun license needed in those days, only a game certificate. The things that did come when Jimmy was about seldom went away again. The clock was a good one, but the bird had not shot properly for some time; one day he would tune up all right and the next he was mute. Mother said she really must have it cleaned, but she never could make up her mind to let it go out of the house.

One day the very day when this really was going to be done—a boy came rushing from the farmyard into the kitchen, where Jimmy was having his snack of lunch alone, to tell him, "Something had come, and he'd best be quick, for it was on the move like." Jimmy opened the clock case and hurriedly caught up the gun, as he had done scores of times before, but not with the same result. In the haste of the moment he touched one of the weights. It stayed. The hammer of his gun hit the bottom of the weight, which threw it back, and off she went, bang!—right through the works. Down fell the cuckoo. The mother was upstairs when she heard the report; her first thoughts were for Jimmy. "Jem, my boy, what have you done?" she cried. For a moment he looked speechless at the wreck; then he shouted back, "All right, mother, I've only cleaned the clock."—Cornhill Magazine.

There are times when men have to be treated like children, when they are very ill, for instance, or when they are in imminent danger which must be averted first and explained afterwards.

There are a few of us who think themselves lucky if, at the dinner hour they are able to ally the cruel pang of hunger with a philosophic pipe.

The harvester was invented by Cyrus McCormick in 1831, and has been improved by many subsequent inventors.

What is lacking is confidence. If there were absolute truth on the one hand and absolute confidence on the other, it wouldn't be necessary for the makers of Dr. Sage's Catarrh Remedy to back up a plain statement of fact by a \$500 guarantee. They say—"If we can't cure you (make it personal, please,) of catarrh in the head, in any form or stage, we'll pay you \$500 for your trouble in making the trial." "An advertising fake," you say. Funny, isn't it, how some people prefer sickness to health when the remedy is positive and the guarantee absolute. Wise men don't put money back of "fakes." And "faking" doesn't pay.

Magical little granules—those tiny, sugar coated pellets of Dr. Pierce's—scarcely larger than mustard seeds, yet powerful to cure—active yet mild in operation. The best Liver Pill ever invented. Cure sick headache, dizziness, constipation. One a dose.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF NEVADA, in and for Washoe County—The State of Nevada, sends to Mary E. Voss greeting: You are hereby required to appear in an action commenced against you by Emma Voss as plaintiff in the District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service), if served in said county, or twenty days if served out of said county, within said District, and in all other cases forty days; or judgment by default will be taken against you according to the terms of the complaint. The action is brought to recover the judgment and decree of the court dissolving the bonds of matrimony between you and Emma Voss, and now existing between plaintiff and defendant upon the ground of habitual gross drunkenness, contracted since the marriage of plaintiff and defendant, which renders defendant from contributing her share to the support of the family; and also for the care, custody and control of the minor children of the parties to said action, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said court at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

[SEAL] I set my hand and affixed the seal of said court at Reno, this 10th day of October, 1900.

"August Flower"

For two years I suffered terribly with stomach trouble, and was for all that time under treatment by a physician. He finally, after trying everything, said stomach was about worn out, and that I would have to cease eating solid food for a time at least. I was so weak that I could not work. Finally on the recommendation of a friend who had used your preparations

A worn-out with beneficial results, I procured a bottle of August Flower, and commenced using it. It seemed to do me good at once. I gained in strength and flesh rapidly; my appetite became good, and I suffered no bad effects from what I ate. I feel now like a new man, and consider that August Flower has entirely cured me of Dyspepsia in its worst form. JAMES E. DEDERICK, Sauterites, New York.

W. B. Utsey, St. George's, S. C., writes: I have used your August Flower for Dyspepsia and find it an excellent remedy.

Farms for Epileptics.

Epilepsy is so large a cause of enforced idleness among the working people in England that a colony has been established in a country place within an hour's ride of London, where they can perform lucrative labor suited to their condition. The plan is initiated from one successfully carried out in Westphalia, Germany. On a piece of land of some hundred acres there will be built cottages to hold from ten to twenty inmates. The sexes will be separated, and also the children from the adults.

Market gardening, spade and barrow labor, cow keeping, dairy work and poultry farming will be the first industries; then gardening and fruit culture, and later on will follow bookbinding, carpentering, bookbinding, printing and other industries; and for the women laundry work, sewing, cooking and various domestic services.—Boston Transcript.

The Lady Trapped.

"Yes," said the society lady at a swell affair the other evening, "I've crossed the Atlantic ocean eleven times."

The smart young man adjusted his eyeglasses and said, "Ah! Born in America, I suppose?"

"No, indeed! Why do you ask?" "Because if you were born in this country you'd be on the other side now, don't you know?"

The lady figured a moment on the tips of her pretty fingers, blushed violently and died.—London Tit-Bits.

The Indians' Regard for Snakes.

The North American Indians will not kill a snake in their path. They hold it in reverence, and although they select great numbers of them to use in their snake dances they never kill them, but when the ceremony is finished take them out on the plains and release them.

Some Zuni Indians from New Mexico with whom I became acquainted refused to repeat their folk lore out of doors for fear the rattlesnakes would hear them.—St. Nicholas.

Why destroy present happiness by a distant misery, which may never come at all, or you may never live to see it, for every substantial grief has twenty shadows, and most of them shadows of your own making.—Sydney Smith.

The union has a virtue to which thousands of people will swear. This is its ability to ward off attacks of malaria in any form, and to cure cases as rapidly as the strongest doses of quinine.

NO OTHER Sarsaparilla combines economy and strength like HOOD'S. It is the only one of which can truly be said "100 Doses \$1."
